## NASHVILLE, TENN.

THURSDAY MORNING, JULY 7, 1853. (C) A Washington letter says the Washington Monument is now one hundred and thirty-two feet high; the workmen have been delayed on account been received this month-one from California, one from the highest peak of Mount Otter, Va., and one from the Chiosophic Society of Princeton, N. J.

WAR BETWEEN BOLIVIA AND PARC.-The N. Y. Journal of Commerce has been favored with extracts of Letters from Peru, the latest of which is dated 26th ult. They show that a war between by Peru and Bolivia was inevitable; or perhaps we should say, was stready begun. A Perusian squadr n was at Islay by the last accounts, and was to proceed in three or four days to attack the Bol vian port Cobija, The President of Bolivia had re'used satisfaction to Peru, and is said to be anx ous for war.

THE MONTHEAL RIOT.-Mayor WILSON, of Mon real, it is said, has left the city-public opinion running strong against him, as the one who gave the troops the order to fire. Alderman Ar-WATER, a pative of Vermont, has been elected Movor pro tem. by the Common Counci'.

AMERICANS IN AUSTRALIA .-- The returned Californians from Australia make most melancholy statements of their treatment in the new El Dorado. All Americans were treated with indignity there, being openly and grossly insulted in the streets. Same Frenchmen who have returned to California from that country make similar statements concerning themselves.

On Saturday afternoon last, Capt. Winthrop Richardson, a well known retired tailor, of B s'on, while crossing the Maine Railroad track at Melrose, a few miles from that city, was struck by the express train and dashed to pieces, not a piece being found larger than his hand.

SINGULAR CAUSE OF DEATH .- Nathan Holmes, Jr, aged 22 years, died in Plymouth, Mass., a few days ago, from bleeding at the gums, in consequence of the extraction of a touth two years

The Bank of England has increased its stock of bullion in one week from £17,944,547 sterling to £18,158,934 sterling. Increase £308,-387-and it is now daily adding to its treasure .--The amount of notes in circulation was, on the 2d June, (according to the return made 10th June.) £23,328,535 sterling, being an increase of £740,-

The increase of private securities, which shows the demand for money, was £610,645 sterling.

The Boston Post publishes a communication from a Spiritual Rapper, stating that, in that city, a medium, who knows nothing of drawing, has executed beautiful sketches with the pencil with inconceivable rapidity, while moved by the spiritual influence!

## [FROM THE DAILY BANNER.] THE COUNTY COURT-RAIL ROAD BONDS.

In March last a proposition to subscribe to the stock of the Louisville and Nashville Railroad Company, \$300,000; to the Northwestern Railroad Company, \$309,000; to the Tennessee and Alabama Railroad Company, \$200,000; and to the Elgeneld and Kentucky R illroad Company, \$200,-000-all to be paid in County bonds-was submitted to the voters of Davidson county and carried. The vote was small; and it is contended that it was not a fair expression of the will of the majority. Under this impression, and with a view to test the constitutionality of the act authorizing the election, a number of active citizens have declared their determination to take the question into the Circuit Court, and ultimately to the Supreme Court for adjudication.

In the County Court, which met in this city, last M inday, the following resolutions, brought before that body by some twenty-six of the Magistrates of the county, were adopted. The vote was taken separately on each resolution—the vote on the first was, ayes 26, noes 5; on the second, ayes 25, no s 8; on the 3d, ayes 25, noes 8; on the 4th, aves 28, noes 7: 1st. Resolved, That the disaffection and discon-

tent which pervade tour-fifths of the civil districts of the county, on the subject of the issuance of the Binds of t e County to certain Railroad Componies, imperatively call for such action on the part of the county court, as they may rightfully 2d. R solved, That as the act of the last Legis-

lature on the subject of the issuing of the bonds of the county, makes no provisions as to how or where the money arising from the bonds of the county is to be expended-requires no securi yattaches no pendry, whereby a taithful and proper application of the same may be secured-but w thout any conditions or sate-guards whatever requires the bonds to be delivered up to the railroad companies-we do, therefore, disapprove of the issuance of the bonds of the county to any railroad company whatever,-and do hereby advise and instruct the Chairman of the County Court not to issue them.

3d. Resolve I. That the provision contained in the 19th section of the act in question which contempiates the forcing of the Quarterly Courts to levy taxes to meet the interests on the railroad bands, is in our opinion, unwarranted by the constitution-and that the duties required of the county court by the 19 h section will not be performed until a decision of the Supreme Court of the State shall have so instructed us.

4 h. Resolved, Tost these resolutions be spread upon the records of this court, together with the vote by ayes and noes.

The resolutions were advocated before the Court by Gen. G. W. Harding, and opposed by Jedge W. H. Humphreys, Eugene Underwood, Esq , and others.

'I'ne following is the 19th section of the act referred to in the third resolution : Sec. 19. Be it further enacted, That the quorum courts of the above named counties, shall be competent to discharge all the duties imposed by the 12th, 13th, 14th, 15th, 16th, 17th and 18th sections of the act, except the levying of the tax contemplated, and the appropriating of the dividends upon the county stock, which duties shall be performed by the Quarterly Cours of the said counties, and the Circuit Courts of the respective counties shall have power upon the application of the bond holders, or any of them, or any other interested person, to issue writs of mandamus, to compel the County Courts to perform the duties imposed by this act. Provided, That the person collecting the said railroad tax, shall receive two per cent, upon the gross smount of tax so collected by him, as a compensation, and the county trustee shall receive for his services, under the provisions of this act, a commission of one percent, upon the

railroad tax paid into his hands. INTERESTING FROM THE ISLAND OF TARITA .-The steamer Monumental City (formerly of Baltimore) has arrived at the island of Tahita, in 21 days from San Francisco. Her steerage passengers, after landing on the island, had committed gross outrages, and two of them, named Gentry and Kelly, had a regular prize fight. About twothirds of them had been committed to the calaboos. There were 15 vessels in port, nearly all French, The surgeon of the Monumental City, who dired with Queen Pomare and his Royal Highness, her husband, says the latter is a fine looking old fellow, but appears somewhat careworn, and evidently feels his degradation. The island is governed by the French, who have there a fort with 300 troops, a 48 gun frigate, and a war steamer. The natives are very dissiputed. Americans are treated with great politeness by the French officers -Ocange groves almost cover the entire island,

which is said to be a delightful place. MARRIED - On the the evening of the 5th inst., near Franklin, Tenn, by Rev. T. Fanning, Mr. R. E. FORT-ON, of La., to Miss R. S. daughter of Sam. D. Wilson, Esq. . Caddo Gazette and Mansfield Advertiser, (La.)
